HEALTH AND MUNICIPAL ADMINISTRATION SECRETARIAT

Department of Health and Family Planning Services—Creation of the post of Additional Director—Sanction of.—

PREAMBLE :—

The Medical and the Public Health Departments which had separate Directors were amalgamated in the year 1965, considering their homogeneity and the need for greater and effective coordination. The Director has been designated as Director of Health and Family Planning Services and Head of the Department for the combined Department. Ever since the date of amalgamation the activities of the Department have been increased enormously due to the Plan programme activities and other allied administrative matters of the Department. Due to the expansion of the Family Planning Services in the Directorate under planning programme, the work and the responsibilities of the Director of Health has also been increased. In the Directorate of Health and Family Planning Services at present the Director is assisted by seven Joint Directors, two Deputy Directors and twelve Assistant Directors in the administration of the Department and to watch the progress of the work on the various programmes taken up from time to time for implementation. There has been an alround increase in the work of the Departmene and it would be very difficult for the Director to manage single handed the onerous duties of the Department.

With a view to rationalising the work of Senior Officers of the Directorate of Health and Family Planning Services, the General Administration Department (ERB) after assessment of workload, has suggested *inter alia* for creation of one post of Additional Director of Health and Family Planning Services by upgrading the post of a Joint Director.
